ZGL
PRIVATE LIMITED
Delivering Solutions!
Since 1995

Company Introduction

ZGL

PRIVATE LIMITED

ISO 9001:2015 | WAPDA approved

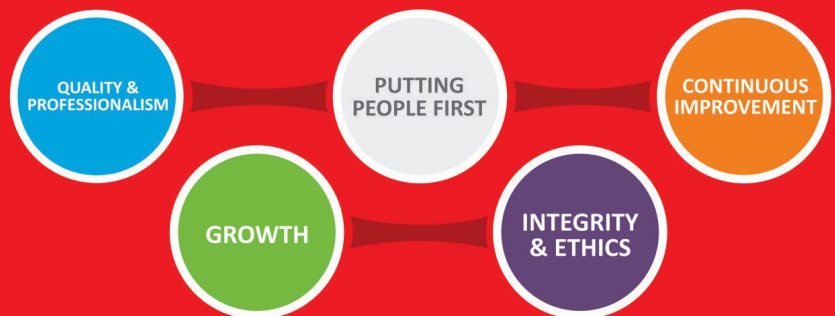

ZGL Private Limited has been in business of Manufacturing of Electrical Equipment including Transformers, Switchgear, Automation and Electrical Inspection & Testing Services since 1995.

ZGL has a vast experience in designing, Manufacturing, Installation, Testing & Commissioning of Electrical Systems. We can assist you right from the initial concept to completion. ZGL has been an established and popular company with an excellent track record.

ZGL team strictly follows all International and National standards, engineering practices and economy to provide its clients with the most reliable and safe solutions. Here at ZGL, we believe in hard work and provide right advice to our customers to save their time and money.

Core Values

Mission Statement

“To provide quality products and services to the complete satisfaction of our customers.”

Our Vision

To be recognized as Pakistan’s top ranked electrical manufacturing, trading and service providing company through our commitment to core values.

We shall introduce ourselves in international market as a reliable brand of electrical equipment through our safe, reliable, affordable, quality products and satisfactory services.

CEO's Message

We have built the company through deep and lasting customer relationships with the type of trust that can only come over time. Our customers have known us, our skills and engaged us with their Power and Engineering related issues.

ZGL is a company that will never lose sight of its heritage and history. From inception, we have created and maintained an environment where close relationships, both between our own team and with our customers, are nurtured. I am extremely proud to be Founder and CEO of a company which, despite its reach and scale of operation, still retains these core values.

To all our Customers, I want to express my gratitude and thank you very much for your trust in our team and company. If you are not yet a Customer, we thank you very much for your interest in our company and I look forward to building a lasting relationship with many more of you in the future.

Engr. Mian Zubair Munir

Founder/CEO

ZGL Private Limited

What We Do

Manufacturing

- Distribution and Power Transformers
- MV Switchgear
- LV Switchgear
- Cable Tray/Ladders, etc.
- Bus Tie Ducts/Busways

Services

- Electrical Engineers and Contractors
- Automation & Control Systems
- Inspection, Testing & Calibration
- Erection & Commissioning
- Energy Management & Audit

Reliability

Durability

Innovation

M.V Switchgear

Complete Range of M.V Panels

- WAPDA Grid Panel
- WAPDA Metering Panel
- Consumer Protection Panel
- Incoming / Outgoing Panel
- Changeover Panel
- Bus Coupler Panel
- Load Break Switches
- Ring Main Units
- NGR Panels

Features:

- Protection Class IP 4X (Enhanced Degree as option)
- Designed as per WAPDA / Customer Specification
- Maintenance free VCB / SF6 Breakers
- Interchangeability of similar rated components
- Safe and easily accessible Service / Test Position
- Interlocks for operators safe operation

L.V Switchgear

Complete Range of L.V Panels

- Incoming / Outgoing Panels
- Distribution Panels
- Changeover Panels
- Bus Couplar Panels
- Power Factor Improvement Panels
- Motor Control Center Panels
- AC / DC Auxiliary Panels
- Battery Charger Panel
- Control Desks
- PDB's / LDB's
- ATS / AMF Panels
- Synchronization Panels
- Bus Tie Ducts (BTD's)
- Any Special Application Panels, etc.

Transformers

Complete Range of Transformers;

- Distribution Transformers (Pole / Pad Mounted)
- Power Transformers
- Three Phase / Single Phase AVR's
- Auto Transformers
- Furnace Transformers
- Dry Type Transformers
- Any Other Special Purpose Transformer

All Transformers are manufactured in accordance with WAPDA / IEC / Customer Specification.

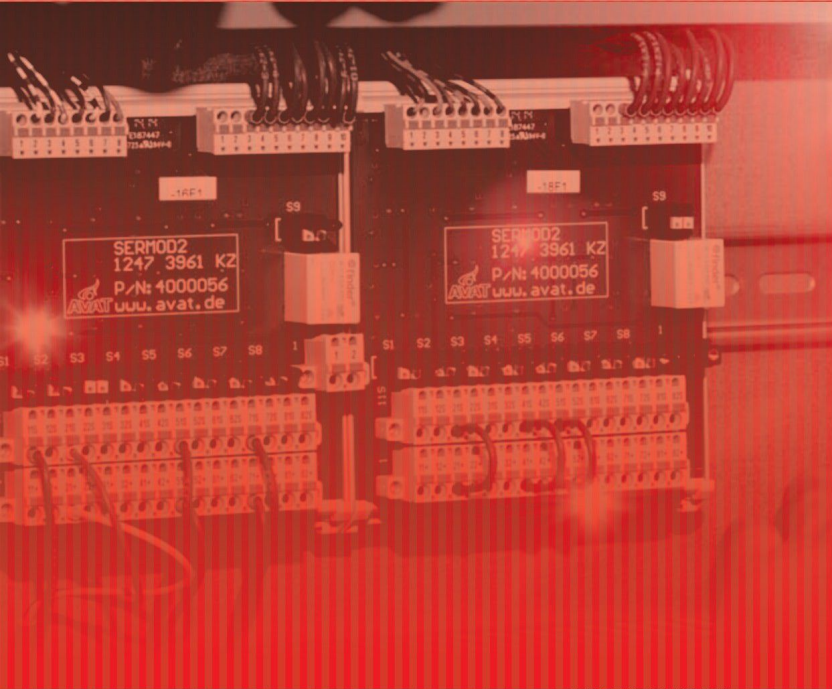

Solar Systems

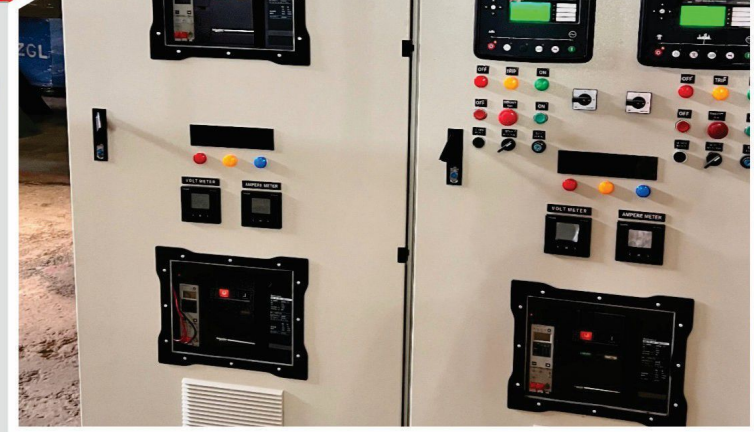

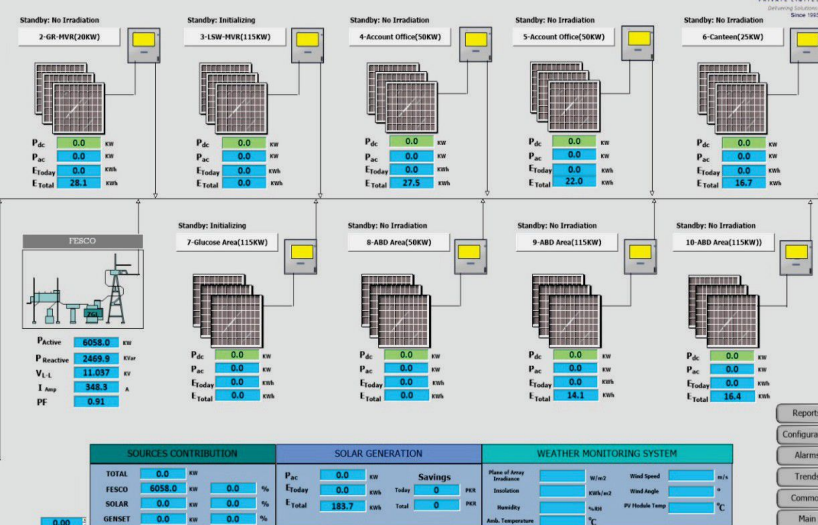

ZGL is one of the pioneer Solar Energy Solution providers in Pakistan. Innovation and intelligence are the core essence of our solar energy management systems for residential, commercial, industrial and agricultural sectors.

We have a diversified range of products and services with proven expertise in providing state-of-the-art solar energy systems. With a network of regional teams and partners, **ZGL** enjoys a nationwide.

We value the relationship with our customers as our business asset and believe that our customers deserve only the best available solutions that allow them to live peacefully without any worries of expensive repairs or maintenance.

750KW SOLAR ON GRID SYSTEM - RAFHAN RAKH CANAL PLANT

Automation & Systems

- Synchronizing Systems
- SCADA System
- Monitoring and Protection System
- Load Management System
- ATS / AMF System
- Complete Engine Controlling System
- Commissioning and Turn Key Solution
- Any Other Requiremen

Cable & BusBar

MANAGEMENT SYSTEM

Ladder Cable Trays:

- Suited for heavy duty power distribution in industrial setup
- Made of Mild Steel, Stainless steel, etc.

Cable Trays:

- Perforated and Plain Cable Trays
- Made of GI Sheets / MS Sheets (Powder Coated)

Wire Mesh Cable Tray

- Made of polished SS wire
- Cost-effective, safe & visible, Simple Installation

Bus Tie Ducts

- High current carrying Capacity
- Phase BusBars are highly insulated
- Proper ventilation

Copper Flexible Links

- Available in both Foil & Braided types
- Tinned & Insulated Copper Flexible Links

➡ *Well trained team for Cable and BusBar Management System installation.*

Delivering Solutions!
Since 1995

Inspection & Testing

ZGL have experience in electrical maintenance testing, acceptance testing & engineering evaluations of electrical equipment's. ZGL serves major utility, industrial & commercial client needs & provide I&T services.

Complete Range of Inspection and Testing Equipment's for Diagnostic Analysis of:

- Power and Distribution Transformers
- Generator and Motors
- Circuit Breakers
- Protection Relays / Equipment's
- Current and Potential Transformers
- HV & MV Cables
- Battery Chargers and DC Load Banks
- HV Switchyards

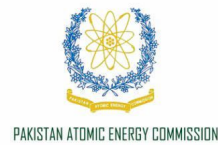

Other Services

- Inspection & Complete Testing of Grids, Switchyards and Electrical equipment
- Repair, Maintenance & Complete overhauling of Transformers / Switchgear
- Troubleshooting of Transformer & Switchgear
- Dehydration / Filtration of Grid Power / Distribution Transformers
- Transformer Oil and Complete Testing and Analysis Lab
- Complete Commissioning of Electrical stations
- Energy meter Calibrations
- Energy Audits/ Management
- Periodic Electric Inspection as per Electricity rules, Energy Department, Punjab
